

Bubbly Clean Hands

A social story for Kairav — Building handwashing independence step by step

1

My hands touched many things today. They need to be clean.

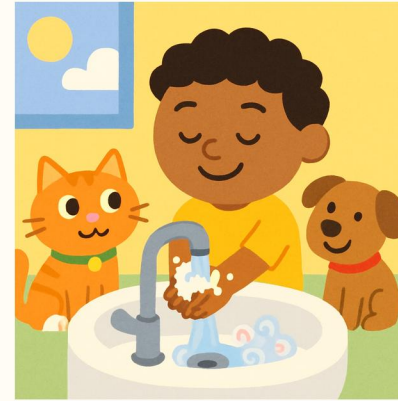

2

I turn on the water. Not too hot, not too cold.

3

Soap goes on my hands. I rub and make bubbles.

4

I rinse with water. The bubbles wash away.

5

I dry with my towel. My hands are clean and ready!
