

Checking My Eyes

A social story for Kairav — Going to the eye doctor for a vision checkup

1

Today I go to check my eyes. Gigi and Quacky come with me.

2

The doctor shows me a small light. The light helps her see my eyes.

3

I cover one eye with the spoon shape. I can still see with my other eye.

4

I see pictures on the wall. I point to what I can see.

5

All done! The doctor helps my eyes see better. I did a good job.
