

# Hair Wash With Quacky

A social story for Kairav — Learning to wash hair comfortably with a shampoo visor and counting

1

My hair needs a wash.  
Quacky's feathers need a wash too.

2

Shampoo can sting my eyes.  
That feels uncomfortable.

3

I can wear my shampoo visor.  
My eyes stay dry and safe.

4

Mummy pours the rinse water.  
We count together:  
one, two, three.

5

I press 'done' on my Avaz.  
My hair is soft and clean now.
