

My Body Is Hot

A social story for Kairav — Understanding and managing when I have a fever

1

My body feels hot. My cheeks are warm and pink.

2

When my body is hot like this, it means I am sick. My body is working to feel better.

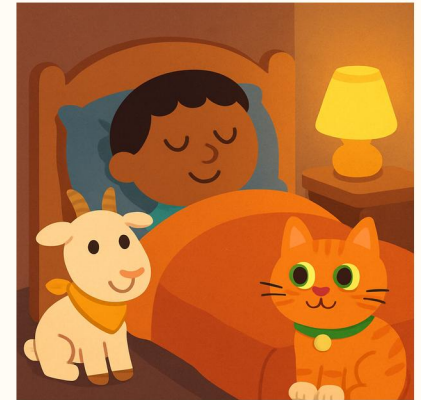

3

I can tell Mummy I feel hot. She puts a cool cloth on my head.

4

Mummy gives me medicine and water. The medicine helps my body fight the sickness.

5

I rest in my soft bed. Soon my body will feel cooler and better.
