

My First Salon Visit

A social story for Kairav — Learning what happens during a haircut at the salon

1

Today I go to the salon. Henny works there and smiles at me.

2

I sit on the tall chair. Henny puts a cape on me to keep my clothes dry.

3

Henny shows me the water and comb. She tells me each step before we start.

4

Henny uses water and cuts my hair gently. I can use headphones if sounds feel too loud.

5

My hair looks fresh and neat. We pay Henny and go home. I did a good job staying still.
