

My Love Looks Different

A social story for Kairav — showing love in different ways without speaking words

1

I love my family very much.
My heart feels warm and happy.

2

I may not say 'I love you'
with my voice. That is okay.

3

I show love by sitting close
to you. Bruno shows love
this way too.

4

I can tap 'love you' on my
Avaz. My family
understands me.

5

I show love with my hands
on your face. Love has
many shapes and that is
beautiful.
