

# My Lunchbox at School

A social story for Kairav — Learning to eat from my lunchbox at school break time

1

I have my lunchbox at school. Mama packed my favorite food inside.

2

At break time, I can open my lunchbox slowly. I see my roti and apple pieces.

3

I eat one piece of roti. Then I can eat one more piece.

4

When my tummy feels full, I close my lunchbox. That is okay.

5

At home, I show Mama my lunchbox. She sees what I liked to eat today.
