

Not What I Meant

A social story for Kairav — When people guess wrong about my AAC words, I can try again

1

I tap 'red' on my Avaz. Mama thinks I want my red shirt.

2

That is not what I meant. I feel a little frustrated.

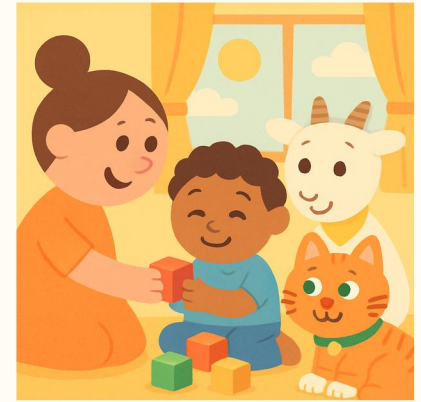

3

I can try again. I tap 'no' and 'different' on my Avaz.

4

I try other words. I tap 'red block'. Now Mama understands.

5

Mama says 'thank you for telling me again.' I got what I wanted. We both feel happy.
