

Safe People and Strangers

A social story for Kairav — Teaching the difference between safe people and strangers, and what to do when approached by someone unknown

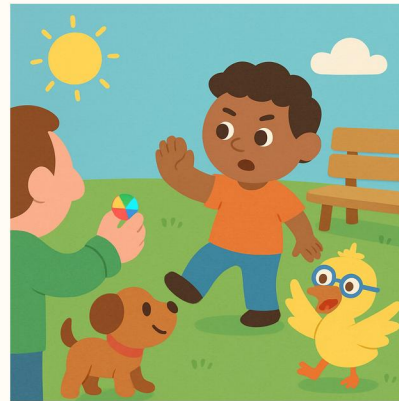

1

I know some people. They are safe people. Mama is safe. My teacher is safe.

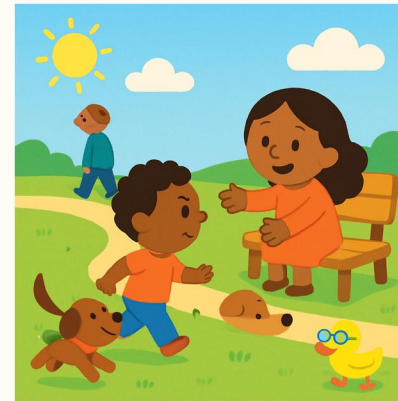

2

Some people I do not know. They are strangers. I stay with my safe people.

3

A stranger offers me candy. I say no. I do not take things from strangers.

4

I never go with a stranger. I run to Mama. Bruno comes with me.

5

I tell Mama about the stranger. She listens. I am safe. I did the right thing.
