

The Loud Bell Practice

A social story for Kairav — preparing for and coping with fire drill at school

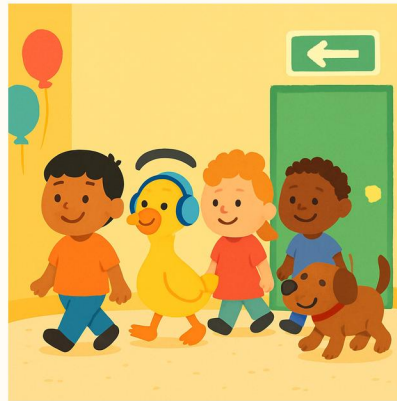

1

Today is fire drill practice at school. A very loud bell will ring.

2

The loud bell might feel uncomfortable. I can cover my ears like Quacky.

3

When the bell rings, I line up with my class. We walk fast but we do not run.

4

We stand outside on the field. My teacher counts everyone to make sure we are all safe.

5

Practice is all done! We walk back inside. I am safe and ready to learn.
